Do you have any other concerns that were not mentioned in this survey, that you would like to say? If yes, please put them below:

I am concerned that our registration forms are still not updated. I reported it to Joanna so that all documents for the new school year would be updated, which is still not done. I also received no help with accommodation for the Middleton school, which put us in danger of being without classrooms in September. I do not know what is the situation with teachers' salaries - I have sent all reports regarding working hours, as before. I still don't have a contract and I don't know who my manager is.
